PETITION TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE OFFICE ACTION IN VIEW OF
DELGAR v. SCHULYER, 172 USPQ 513 (D.D.C. 1971)

Assistant Commissioner for Patents
Box DAC
Arlington, VA 22202
Sir:

RECEIVED
NOV 26 2001
OFFICE OF PETITIONS

This Petition is in response to the Notice of Abandonment mailed November 30, 2000 in the above-identified U.S. patent application ('977 application). The Notice (copy attached hereto as Exhibit A) states that the '977 application was abandoned due to applicants' failure to timely file a proper response to the Office letter mailed on May 24, 2000. However, Applicant never received the Office Action.

The MPEP 711.03(c) II. outlines the showing required to establish non-receipt of an Office communication. The undersigned attorney has been handling this case since prior to May 24, 2000 when the Office Action was said to have been mailed. The undersigned attorney hereby states that a thorough search of the internal docket records and the file jacket for the above-identified patent application did not locate the Office Action dated May 24, 2000 or any indication that it was ever received by Applicant or its undersigned attorney. A copy of the docket on which the Office Action would have been entered and lists showing all incoming and outgoing correspondence with patent offices is attached as Exhibit B.

MPEP 711.03(c) II indicates that the foregoing showing may not be sufficient if the circumstances point to a conclusion that the Office action may have been lost after receipt. The example given is where a practitioner has a history of not receiving Office actions. In this regard, the undersigned attorney has never before filed a Petition to Withdraw Holding of Abandonment or a petition to revive under 37 CFR 1.137 (a) or (b).

SUPPORT BY DECLARATION

In support of this Petition, a declaration of Robin J. Inman under 37 C.F.R. §1.68 is enclosed herewith. Ms. Inman has been a docket administrator in Applicant's Patent Department since 1993. Although the Declaration is believed to be self-explanatory, Applicant points out that it is directed to an explanation of how incoming communications from the USPTO are handled by Applicant's Patent Department and how such methods ordinarily function to track such communications in a manner that would indicate if and when an Office action is received, ensure timely response and eliminate accidental loss or misplacement. At or about the time the Office communication should have been received, Ms. Inman's responsibilities included reviewing all US Patent and Trademark Office correspondence received, entering data into the internal docketing system, updating the file jackets and monitoring all docketed items.

SUMMARY

Having never received the Office action dated May 24, 2000 in this case, a new Office action and withdrawal of the holding of abandonment is appropriate in view of Delgar Inc. Schulyer, 172 USPQ 513 (D.D.C. 1971) (MPEP §711.03 (c)).

Applicants respectfully request withdrawal of the Notice of Abandonment and request a new Office Action.

Respectfully submitted,

Helen Childs of USPTO returned my call this morning. The Petitions Office can't locate the original petition to revive; therefore, Helen asked me to fax the petition to her attention and Helen said she would hand carry it over to Bill Dixon for action, and if can't act on it, to someone else in the Petitions Office for expedited handling.

Helen Childs will be out of the office all next week and I will follow up with her in two weeks if we don't hear anything sooner.

Okay, since I am not sure who does the PCT docketing:

We have a one month extension to the Notice to file missing parts for this case. I faxed an extension to the examiner today.

thanks.
